

My Prayer For You

Daniel Trush, Daniel's Music Foundation

May you find love, may you'll succeed
May you have faith, may you believe
May you accept whatever life brings
And don't sweat the little things

May you have enough to eat
May you will find place to sleep
A comfortable bed, a roof above
In a home filled with love

May you find something you can do every day
That makes someone happy in some little way
May your joy be grand and your troubles few
This is my prayer for you

May you be free of grief and pain
May gentleness in your heart reign
May your patience and knowledge expand
And your wisdom to understand

In these times may we find peace
May all of our blessing increase
May we be grateful for all we have
And remember to give back

May you find something you can do every day
That makes someone happy in some little way
May your joy be grand and your troubles few
This is my prayer for you

May you walk by beside waters calm and clear
With your family and friends nearby
May your days be happy and filled with cheer
And sun shining in a blue sky

May you find something you can do every day
That makes someone happy in some little way
May your joy be grand and your troubles few
This is my prayer for you, This is my prayer for you
